Book

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA1510NM

This certificate, issued to Frontier Airlines, Inc.
8250 Smith Road
Denver, Colorado 80207

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product — Type Certificate Number: A16WE
Make: Boeing
Model: 737-291

Description of Type Design Change:

Installation of Bendix Avionics Type CCA-1E checklist unit and compatible weather radar indicator, Bendix P/N 2941215-1105. Installation shall be in accordance with Frontier Airlines Engineering Order 34-40-737-026, Revision D, or later FAA approved revisions.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 8, 1981

Date issued:

Date of issuance: August 2, 1982

Date amended:

By direction of the Administrator
